

Sing the World that God Imagines (suggested tune: Hymn to Joy)

Verse

Sing the world that God imagines. Sing of justice, joy,
and peace.
Sing of welcome offered freely. Sing of love's unending
feast.
What we sing can call us onward. What we sing can
make demands.
As we sing, we live God's future, heart and soul and
mind and hands.

Verse

Sing the world that God imagines. Sing of all the hungry
fed.
Sing the freeing of the captives. Sing of wine and sing of
bread.
What we sing can stir our spirits. What we sing can help
us care.
Sing the holy invitation. Sing of wonder everywhere.

Verse

Build the world that God imagines. Birth a day of hope
restored.
Gather in the lost and lonely. Heal the sick and tend the
poor,
Ours the work of co-creation, ours the season to rejoice.
Join in love's imagination. Take your place and raise your
voice.
