

Persistent Love, Enduring Hope (suggested tune: Amazing Grace)

Verse

Persistent love, enduring hope, restorer of our hearts,
We now take up your sacred call, prepared to do our
parts.

Verse

The road is long. The path is hard, yet still each day we
strive
To welcome all, to freely give that all might live and
thrive.

Verse

When we are filled with pain and rage or faced with
doubt and fear,
We keep your Kingdom goal in sight and gladly
persevere.

Verse

We seek to share your daring dream, to make your vision
known
As we press on in faith and trust, assured we are your
own.

Verse

Persistent love, may we persist in all that we've begun.
Enduring hope, may we endure until your will is done.
