

With Me In The Rain

Verse

With me in the rain
When the rain is beating down
And I'm laying on the ground
I know that you're there
Even when things don't seem fair.
You're with me in the rain
You're with me in the pain
When I feel like it's pouring
And I feel my heart is warring

Verse

I don't want to pray away the rain
I don't wanna pray away my chance to know you
Through the fears and pain
Through wind and rain
you're still my Lord
I don't wanna pray away my chance to know you
I don't want to pray away the rain

Verse

When I feel like it's the end
When I can't see what's up ahead
You remind me I am free
When you say "child come to me"
Come to me when you're afraid
All your debts and fears are paid
Come to me when you're in pain
I'll be with you in the rain

Verse

I don't want to pray away the rain
I don't wanna pray away my chance to know you
Through the fears and pain
Through wind and rain
you're still my Lord
I don't wanna pray away my chance to know you
I don't want to pray away the rain
