

# The grace of God is Jesus Christ

## *Verse*

The grace of God is Jesus Christ  
who came to reconcile all life,  
to be the perfect fulfillment,  
the everlasting covenant.

## *Verse*

He beheld our lost condition  
and devised a rescue mission.  
He descends from his throne on high  
that all sinners be justified.

## *Verse*

He takes our human nature-form  
so that all sinners be atoned.  
Under the law He takes our place.  
This is the essence of God's grace.

## *Verse*

He takes the law and its demands, and for our trespasses  
was damned.  
And by his pure obedience  
he becomes the only penance.

## *Verse*

Upon the cross he pays our loss,  
all the forsakenness and dross.  
It is finished, the work is done.  
No other work, but God the Son.

## *Verse*

After three days the tomb is bare.  
The savior is no longer there.  
Behold his hands, his feet, his side.  
He is risen, we're justified!

## *Verse*

And at the throne he intercedes  
on our behalf His righteous deeds.  
His grace and mercy does bestow  
to be received by faith alone.

## *Verse*

Praise the Father who sent the Son. Praise the Son who  
our ransom won.  
Praise the Spirit who through the means  
creates the faith that does receive.

## *Verse*

What shall I fear when death does come?  
I have all I need in the Son.  
Engraven this upon my heart:  
The Lord my righteousness, thou art. Amen.
