

# You are all that I need

## *Verse*

You are all that I need, your free mercy.  
My works and righteousness can't redeem me.  
The Law condemns to die,  
no means to justify.  
You are all that I need, your free mercy.

## *Verse*

My sins tower over, my slate is stained.  
My works and righteousness can't your wrath tame.  
My sins numerous are, my works can't get me far.  
You are all that I need, your free mercy.

## *Verse*

You descend from heaven; taking our flesh,  
taking my place in life, perfection, death.  
All my sins washed away; your blood, my ransom paid!  
You are all that I need, your free mercy.

## *Verse*

In you I am redeemed, glowing like new.  
Not mine, but your merits shining right through.  
You, my perfection, peace, you bought my soul's release.  
You are all that I need, your free mercy.

## *Verse*

Your works my life ring be, my peace and light,  
even when death descends into my sight.  
Your grace and righteousness shall be my royal dress!  
You are all that I need, your free mercy. Amen.
