

# Thank the Lord

## *Verse*

It was around Christmas season, and Christmas came late  
this year

There was nothing in the fridge, only a couple of canned  
goods

And nothing really under the Christmas tree

One could only pray, pray on what to do

So thank the Lord, that Christmas came late this year

So thank the Lord, praise the Lord, that Christmas came,  
came late this year

So thank the Lord, praise the Lord, that Christmas came,  
came late this year

There were people outta work in the neighborhood

So we all started our own Christmas thang

So we all gathered everything, little but little

And some how put it all, put it all together

So thank the Lord, that Christmas came, Christmas came,  
came late this year

So thank the Lord praise the Lord, that Christmas came,  
came late this year

So thank the Lord, praise the Lord, that Christmas came,  
came late this year

From our last twenty dollars, we bought a Christmas tree

And couldn't wait to turn on the Christmas lights

So everybody's faces, face would glamor

From the shiny lights, and everyone managed to get a  
present

Look at everyone with happy faces

Such Yellow I'm seeing, so Thank the Lord

So, thank the Lord, that Christmas came, Christmas came  
late this year

So, thank the Lord, praise the Lord, that Christmas came,  
came late this year

So thank the Lord, that Christmas came, Christmas came  
on the 26th this year
