By thine un - err - ing Spir - it led,  
We've no a - bid - ing cit - y here,

of all who seek the land a - bove,  
we shall not in the des - ert stray;  
but seek a cit - y out of sight;

be - - neath thy shad - ow we a - bide,  
we shall not full di - rec - tion need,  
thith - er our stead - y course we steer,

10

the cloud of thy pro - tect - ing love;  
nor miss our prov - i - den - tial way;  
as - pir - ing to the plains of light:

13

our strength, thy grace; our rule, thy word;  
as far from dan - ger as saints' from fear  
Je - ru - sa - lem the bode,

our end, the glo - ry of the Lord.  
while love, al - might - y love, is near.  
whose found - er is the liv - ing God.
